

# Catalogue 2016

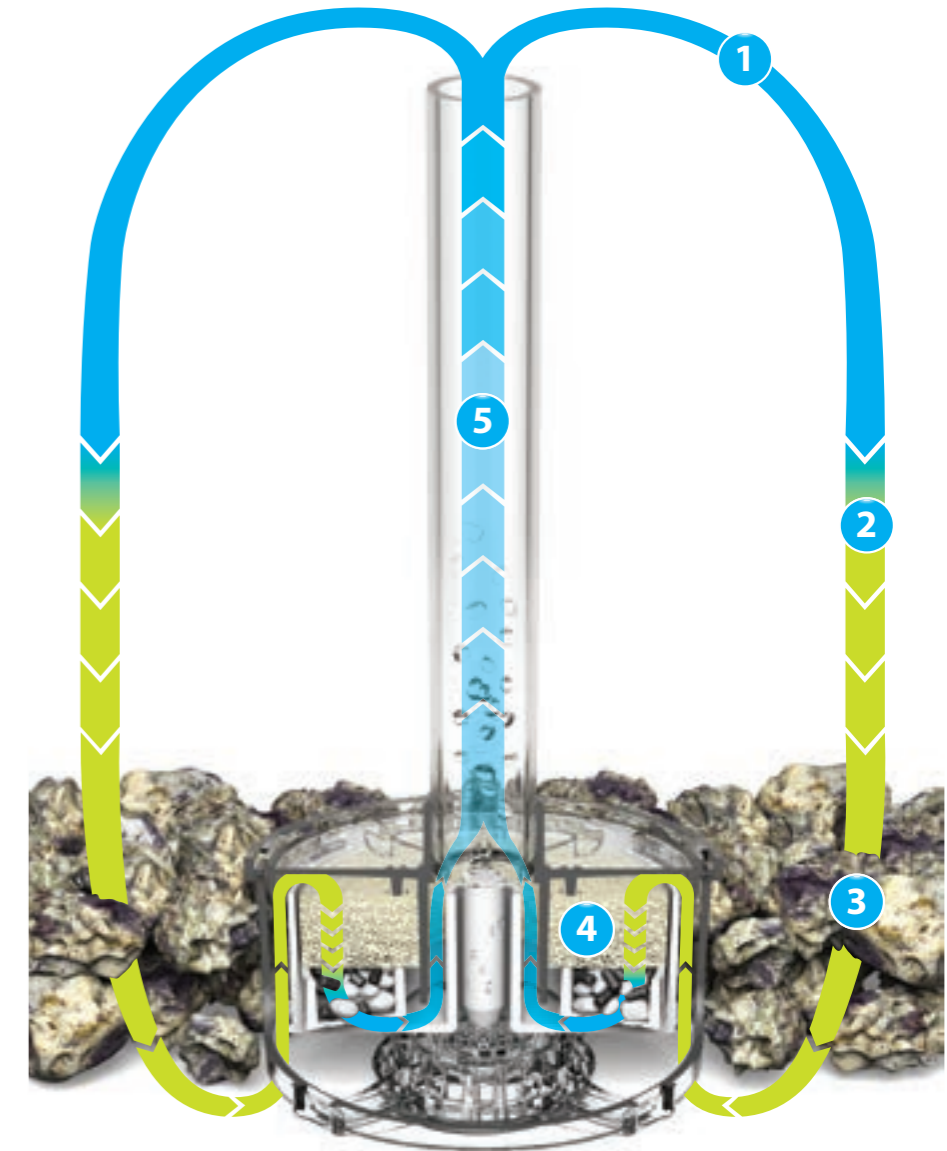

The original idea. To move from a dirty bowl to a fully filtered aquarium.

## Here's how a biOrb aquarium works

### The biOrb filtration cycle

All biOrbs have a filter at the bottom of the aquarium. It's where solid waste naturally settles. Put simply, the filter works where there is most to filter.

1. Air driven filtration system creates vigorous water flow and a constantly changing water surface. This maintains oxygen saturation.
2. The circular flow of water then collects any fish waste on its way down.
3. It draws the waste through the ceramic media where the natural biological filtration absorbs some toxins. The freshly oxygenated water also feeds the bacteria.
4. Any remaining waste is trapped in the sponge cartridge. The water then passes through resin particles and natural stabilisers to remove toxic substances and keep the pH levels constant.
5. The clean water is then oxygenated as it flows back up the bubble tube to repeat the cycle.

## A brief history of the OASE biOrb

It all started in 1999. Disappointed with what was available to us as enthusiasts, we threw away the rule book and engineered our own innovative aquarium. The biOrb.

We thought about what fish need and we thought about the needs of the aquarium owner. The fundamentals had to be right. There is now a choice of sizes and shapes of aquarium and a complete line of accessories.

Today we ship to over 40 countries all over the world and more than one million owners enjoy a biOrb aquarium.

## Smarter design makes fish keeping easy

This simple idea is really the heart of a biOrb. You don't need to be an aquatics expert to enjoy keeping fish - a biOrb makes the hobby accessible to everyone.

The all-in-one kit means that your customer goes home with everything they need to get started.

It's easy and understandable which means they'll soon be back for more. More decor, more filters and more accessories.

## Made from acrylic. Here's why

Acrylic is incredibly strong. In fact, it's used in airplane windscreens. It's also very clear. Acrylic has a transparency rate of 93% making it the clearest material known.

Because of this customers have told us... "it's like watching my fish in high definition"

Another benefit of acrylic is insulation. It has very little heat loss and so minimal energy is needed for heating your aquarium.

**2004**  
The biOrb 30 was awarded the "Best In Show" by The American Pet Products Manufacturers Association.

**2006**  
Baby biOrb wins "Best Aquarium" award at the Global Pet Expo.

**2009**  
biOrb LIFE awarded "Pet Product News Innovative Product" award in Las Vegas.

**2009**  
biOrb LIFE wins "Best Aquarium in Show" at the Paradisio show, Paris, France.

**2011**  
biOrb FLOW wins "Best Aquarium" at the Paradisio show, Paris, France.

**2013**  
biOrb FLOW wins "Pet Business Industry Recognition Award".

**2014**  
biOrbAIR wins first place at Global Pet Expo. "New product showcase, best in show award".

**biOrb coral ornament large**

**Please note:**  
These sculptures are suitable for all biOrb TUBE 30 and 35 litre aquariums and biOrb aquariums from 45 litres in size.

**46120**  
**ORN MOOR-WOOD ACC**  
**biOrb moorwood ornament large**

**Please note:**  
This sculpture has been designed for biOrb LIFE 45, 60 litre and 105 litre aquariums.

**46121**  
**ORN REEF ACC**  
**biOrb coral reef ornament blue**

**Please note:**  
The coral reef sculpture is suitable for biOrb FLOW, biOrb TUBE, biOrb LIFE 30, 45 and 60 litres.

**46122**  
**ORN ROOT ACC**  
**biOrb root ornament small**

**Please note:**  
The root sculpture is suitable for biOrb FLOW, biOrb TUBE, biOrb LIFE 30, 45 and 60 litres.

**46123**  
**ORN FLOW LAVA ACC**  
**biOrb lava rock with fire coral ornament**

**Please note:**  
The sculpture of lava rock with fire coral is suitable for biOrb FLOW, biOrb TUBE, biOrb LIFE 30, 45 and 60 litres.

**46124**  
**ORN ROCK ACC**  
**biOrb stackable rock ornament**

**Please note:**  
This sculpture of high-piled rocks is suitable for biOrb FLOW, biOrb TUBE, biOrb LIFE 30, 45 and 60 litres.

**46125**  
**ORN L SLATE RED**  
**biOrb slate stack ornament large red**

**Please note:**  
This sculpture is suitable for all biOrb TUBE 30 and biOrb aquariums from 45 litres in size.

**46126**  
**ORN M SLATE GREY**  
**biOrb slate stack ornament medium grey**

**Please note:**  
The medium-size sculptures are suitable for all biOrb aquariums from 30 litres in size.

**46127**  
**ORN M TWIGS**  
**biOrb moorwood ornament small**

**Please note:**  
The medium-size sculptures are suitable for all biOrb aquariums from 30 litres in size.

**46128**  
**ORN M CORAL WHT**  
**biOrb fan coral ornament medium white**

**Please note:**  
These sculptures have been designed for all biOrb aquariums from 45 litres in size.

**46129**  
**ORN FAN CORAL WHT**  
**biOrb fan coral ornament white**

**Please note:**  
These sculptures have been designed for biOrb LIFE 45, 60 litre and 105 litre aquariums.

**46119**  
**ORN FAN CORAL BLK**  
**biOrb fan coral ornament black**

**Please note:**  
These sculptures have been designed for biOrb LIFE 45, 60 litre and 105 litre aquariums.

**46130**  
**ORN M CORAL PNK**  
**biOrb reef ornament pink**

**Please note:**  
The medium-size sculptures are suitable for all biOrb aquariums from 30 litres in size.

**46131**  
**ORN M CORAL PUR**  
**biOrb reef ornament purple**

**Please note:**  
The medium-size sculptures are suitable for all biOrb aquariums from 30 litres in size.

**46138**  
**ORN L 701**  
**biOrb reef ornament red**

**Please note:**  
These sculptures are suitable for all biOrb TUBE 30 aquariums and all biOrb aquariums from 45 litres in size.

**46132**  
**ORN M STARFISH ROC**  
**biOrb sea star rock ornament**

**Please note:**  
The medium-size sculptures are suitable for all biOrb aquariums from 30 litres in size.

## About Samuel Baker

Samuel Baker creates each of his sculptures by hand.

biOrb uses castings direct from his originals. This is the only way to make sure all of the detail is kept

His sculptures are then carefully reproduced for your customers so that they can be enjoyed at home.

# Ornaments and plants

**46139**  
**ORN M 702**  
**biOrb anchor ornament**

**Please note:**  
These sculptures are suitable for all biOrb LIFE, CLASSIC, HALO and TUBE aquariums from 30 litres in size.

**46140**  
**ORN M 703**  
**biOrb mushroom trunk ornament**

**Please note:**  
These sculptures are suitable for all biOrb TUBE 15 litre aquariums, and biOrb LIFE, CLASSIC, HALO and TUBE aquariums from 30 litres in size.

**46141**

biOrb intelligent  
heater 50 W with  
powerpod**

"The safest way to heat your aquarium"

**Safe and economical**

Only 12 volts. Typically costs just pence per day to run.

**Accurate**

Checks and adjusts the water temperature 3000 times a minute and is accurate to 0.5°C.

**Easy to use**

Simply plug-in and drop-in. The heater is permanently set to 24.5°C and doesn't need adjustment.

**Discrete**

Tough construction means you can drop it in and hide the heater within your décor without damaging it.

**Capacity**

Suitable for all of the biOrb range and similar sized home aquariums.

**Specifications.**

**Intelligent heater.**  
Micro-computer controlled.  
PTC element - teflon coated.  
Fully encapsulated electronics.  
Cable length 2.5m.  
**Powerpod.**  
Weight 2 kg.  
Cable length 2 m.  
Power 12V ac / 65VA.

*"Only 12 volt,  
no mains voltage"  
"Less risk due to  
lower voltage"*

**Please note**  
Includes changeable Intelligent Heater clip on cover in white. Also includes suction cup for the heater.

Plug your biOrb light, pump and heater into the Powerpod for neat cables.

Submerge the Intelligent Heater in your tank.

Switch on. It really is that simple to use.

## Merchandiser

This compact merchandiser holds the display tank on the top and has a tamper-proof area for electrics.

On the front you'll see what we call "recipe cards". They're free postcards full of ideas on how to decorate your biOrb with an easy to follow shopping list on the back. The great thing is you're only looking at half the stock - it's double sided.

### Got room for a merchandiser?

For details on how you can qualify for a merchandiser call or email us today. Our contact details are on the back of this guide.

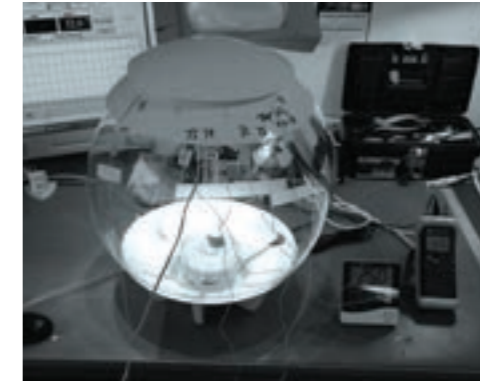

## Recipe cards

Recipe cards give your customers ideas. They show collections of decor and plants and encourage your customers to update and change their tanks. For more recipe cards for your store, call or email us today. Our details are on the back of this guide.

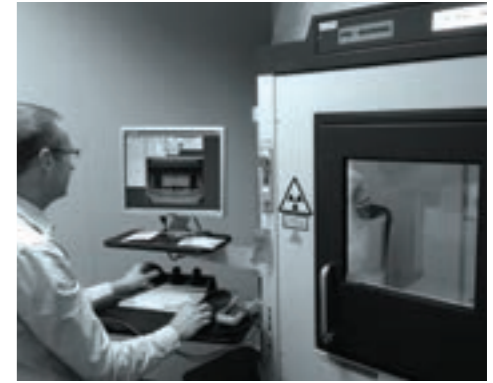

# Testing technology

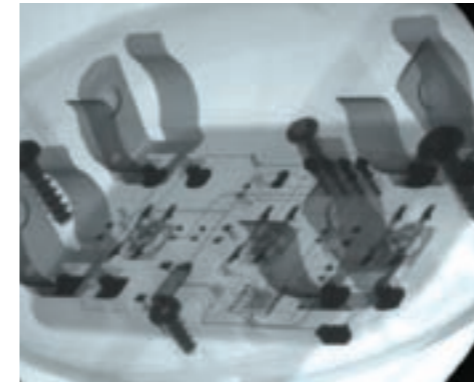

As a retailer, you may be interested to see some of the lengths we go to when designing biOrb products. Here's a quick look behind the scenes.

A biOrb HALO on electrical test.

Components being X-Rayed for analysis.

Component X-Ray.

biOrbAIR testing in the sound booth.

Assembled by hand in the UK.

# Guarantee

OASE GmbH offers a manufacturer's guarantee under the conditions specified below; the respective duration of the manufacturer's guarantee is marked based on the product. The guarantee period is also provided in text form with the product. The term of the respective guarantee period starts with the first-time purchase of the new product from the authorised OASE dealer. If the product is resold, the guarantee period does not start over again. The guarantee period is neither extended nor restarted through guarantee performances, nor do legal warranty claims arise on guarantee performances. If the guarantee is not expressly specified, then OASE provides a guarantee in the scope cited below: The prerequisite for claiming any guarantee from OASE, including the extension guarantee, is that the customer must have properly and exclusively installed original OASE spare parts when replacing parts, or for a repair or for any kind of improvement. If products from third-party manufacturers are installed, any OASE guarantee is rendered null and void.

At our discretion we provide a guarantee through free-of-charge repair or free-of-charge delivery of original spare parts, or of an equivalent replacement device. If the type in question should no longer be manufactured, we reserve the right, at our discretion, to deliver a replacement device from our product range that most nearly approaches the type that was the object of the complaint. Reimbursement of expenses for removal and installation, checking, claims for lost profit and compensation for damage, as well as reverse transaction claims are not included in the guarantee, likewise more extensive claims for compensation of losses, regardless of the type, that have been caused by the device and its use, are not included in the guarantee. The guarantee only applies

for the country in which the devices were purchased from an authorised OASE dealer.

According to these conditions German law with exclusion of the United Nations Convention on Contracts for the International Sale of Goods (CISG), applies for this guarantee. The legal rights of the purchaser, in particular arising from the warranty are not affected by this guarantee. Defects or damage due to faulty installation or operating error, as well as insufficient care or the use of unsuitable cleaning agents or neglected maintenance, non-intended use, damage, impact, the effects of freezing temperatures, etc., cutting of the plug, shortening the cable, limescale deposits or improper repair attempts, are not covered by the guarantee. In this respect, relative to the intended use, we refer to the operating instructions; compliance with the operating instructions is the basic prerequisite for any claim arising from the guarantee. Wear parts, e.g. bulbs, etc. are expressly not a component of the guarantee; wear parts are specified in the operating instructions of the products. If there is a guarantee claim, please contact the OASE dealer, who sold the product to you. If this possibility does not exist, you can assert claims arising from the guarantee relative to OASE GmbH, Tecklenburger Str. 161, 48477 Hörstel, Germany, by sending to us the product that is the object of the complaint, carriage paid, and at your transport risk, with a copy of the original purchase receipt of the authorised OASE dealer, the original guarantee certificate, as well as written specification of the fault that is the object of the complaint.
